{ I agree with this opinion that industrialized countries should help developing countries modernize. } ⁽²⁾ { I have two reasons for this. }

⁽³⁾ { First, ⁽⁴⁾ in developing countries, many people are facing ⁽⁵⁾ some problems like starvation and poverty. } ⁽⁶⁾ { Unfortunately, ⁽⁷⁾ some of them ⁽⁸⁾ are died because of a lack of food or water. } ⁽⁹⁾ { If these countries modernize and adopt more advanced ways to produce food and materials, their lives will be much better. } ⁽¹⁰⁾ { Thus, industrialized countries have to help them. }

⁽¹¹⁾ Second, ⁽¹²⁾ industrialized countries have developed ⁽¹³⁾ by ⁽¹⁴⁾ developing countries' resources. ⁽¹⁵⁾ Thus, the benefits made by their ⁽¹⁶⁾ resources ⁽¹⁷⁾ using should not be kept ⁽¹⁸⁾ only ⁽¹⁹⁾ in industrialized countries. ⁽²⁰⁾ It is obviously fair to share the fruits of modernization. }

⁽²¹⁾ { For these reasons, I think industrialized countries should support developing countries to develop. }
